Application for Primary 1 -
[School name]

Miss/Mr. [principal's name]
Principal of [school name]

Dear [principal's name],

Firstly, we are very grateful that you can spare a few minutes to go over our portfolio and application. I would like to take this opportunity to briefly introduce our son to you.

Our son, Jonathan, has applied to your school for P1 admissions next year. We have thoroughly researched [school name] and found that our personal values align well with your school's values of raising bilingual and intercultural children. From a young age, we have exposed Jonathan to Mandarin and English with the hopes that when he grows up, he is able to thrive in different cultural settings. Hence, we would love for Jonathan to have the chance to attend, grow with, and contribute to [school name].

Jonathan is currently attending full-day kindergarten at Tutor Time. He enjoys playing basketball, reading, and playing board games. Jonathan's teachers describe him as curious, bright and outgoing, and he very much embodies this at home and at school. Jonathan loves to be challenged and finding ways to overcome them. He used to struggle with public speaking, but recently, after practicing with his teacher, he managed to win the [award name] for public speaking.

As a family, we think it's important for him to have a balanced upbringing. Besides excelling in his academics, Jonathan loves to play the piano at home and make up his own songs. He recently also passed his grade 5 piano exam. On the weekends, we try to go outdoors or explore parts of Hong Kong to broaden his horizons.

We would truly appreciate it if Jonathan is given a chance to interview for a spot at your school. Enclosed, please find a copy of the application form, copies of awards and certificates, academic reports, and photos for your consideration.

Thank you for your kind attention and we look forward to hearing from you.

Yours sincerely,

[Your name]
